Re: Educational Media Foundation
KZKL(FM), Wichita Falls, Texas
Facility Identification Number: 55381
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed June 21, 2010, on behalf of Educational Media Foundation ("EMF"). EMF requests extension of the special temporary authority ("STA") granted on March 21, 2008, to operate Station KZKL with reduced power.¹ In support of the request, EMF states that its antenna is damaged but that repairs cannot be made due to structural problems with the licensed tower. EMF further states that, due to a lack of cooperation from the landlord to make repairs to the tower, it is seeking a new site for the station.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that no progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KZKL may

¹ KZKL is licensed for operation on Channel 213C3 (90.5 MHz) with effective radiated power of 7 kilowatts (H&V) and antenna height above average terrain of 131 meters.

continue to operate with reduced power. EMF must notify the Commission when licensed operation is restored. EMF must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **February 6, 2011**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller", with a long horizontal flourish extending to the right.
